

VIRTUAL COVERINGS

At WOW we know what you are thinking:
“Now I would be flying to New Orleans ...”
“What a pity! I really wanted to visit Coverings this year! ...”

We were excited to show you all our novelties and we thought you would like to check our booth this year... sounds good, right?

In the following slides, you can visit our booth taking a **360° virtual tour** (page 12), and you will also be able to download the catalogue for each one of the new collections presented.

Our goal is to make you feel at Coverings for a while....we hope we have achieved it!

See you next year!

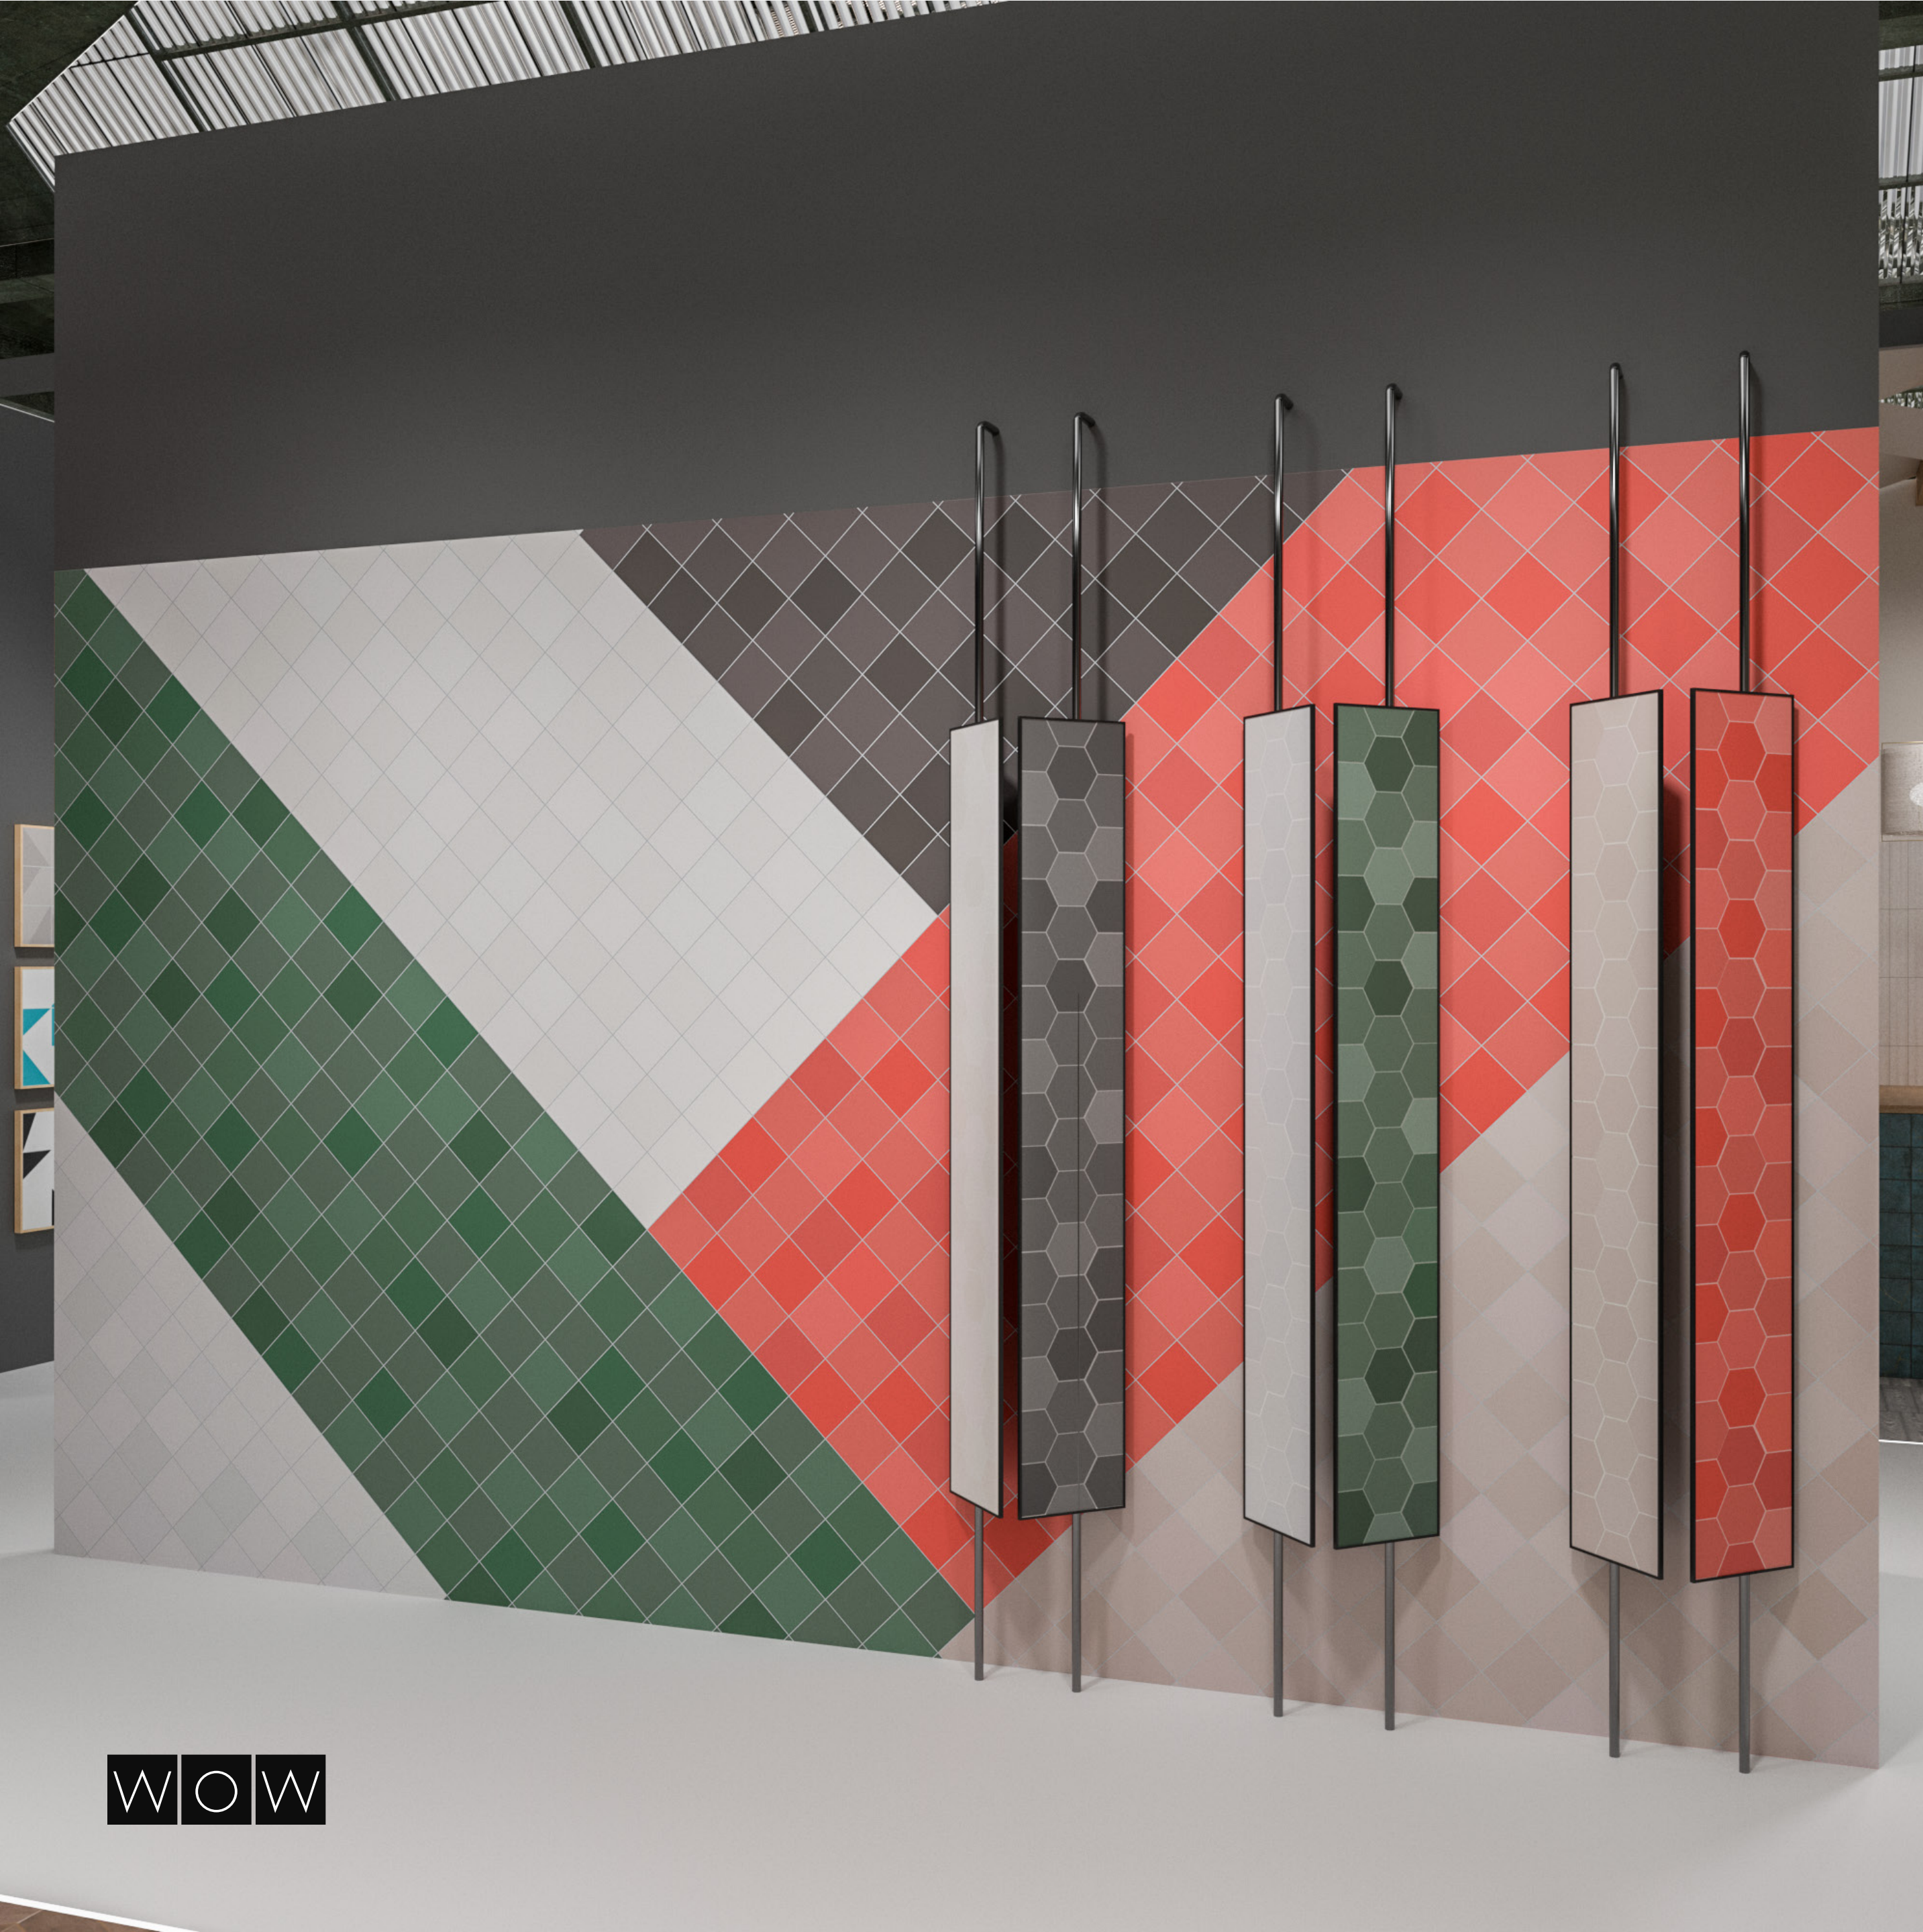

WOW Team
