THINK

Walking through the cobbled streets in complete silence or through nature is the best way to reach great conclusions. Think is based on this premise and redefines materials with the ultimate goal of achieving technical excellence. The creation of this multiformat series has required the use on the relief of six colored inks, a matte glaze, vacuum grain, digital glue, micro-grit glaze and a sparkling technique, a process that gives the collection with unique points of light.

Pasear por las calles adoquinadas en pleno silencio o a través de la naturaleza es la mejor forma de llegar a grandes conclusiones. Think parte de esta premisa y resignifica los materiales con el fin último de alcanzar la excelencia técnica. La confección de esta serie multiformato emplea en su relieve seis tintas de color, esmalte mate, cola digital, granilla aspirada y sparkling a campo lleno, dotando a la colección de puntos de luz únicos.
