

RIZZO WHITE RECT 40X120/ TWIST WHITE RECT 40X120

TWIST

The base of Twist has a surface that stands out for its tactile relief. Its structure is a blend of 'trowel effect' formwork and a bushhammered finish typical of stones. We have developed a color palette with neutral tones, but with different options and decorations, which expands the creative possibilities of the collection. In addition to the decorations and reliefs on the base, we have included a fresh and delicate floral graphic that composes in this series a symphony of taste, aesthetics and functionality.

La base de Twist presenta superficie inédita que destaca por su relieve lleno de tactilidad. Su estructura es una combinación entre un encofrado espatulado y un acabado abujardado propio de la piedra. Hemos desarrollado una paleta de color con tonos neutros, pero con diferentes opciones y decorados, lo que amplía las posibilidades creativas de la colección. Además de los decorados y los relieves sobre la base, hemos incluido una gráfica floral fresca y delicada que compone en esta serie una sinfonía de gusto, estética y funcionalidad.
